**Change PHP Version**

---

## Category

Define which category your website belongs to. By defining category you are helping 000webhost team to better understand your project needs.

WORLD ▼

---

## Sendmail

Switch the toggle to change your Sendmail status. Turning on sendmail will allow your website to send mail from 000webhost.com infrastructure. Your website can send up to 50 emails per day.

OFF ON

---

## Show errors

When enabled - all website errors (notices, warnings, fatal errors) will be visible. In production mode recommended to be turned off.

OFF ON

---

## Adult or Explicit content

Flag this website as an adult-oriented or explicit. Marking your project as an adults only or explicit helps us treat your app differently. If not marked: all explicit content will be suspended.

OFF ON

---

## Show 000webhost branding

Turn off to disable website banner.

OFF ON

---

## Fix file permissions

If you are unable to change permissions of your website files, use this option to fix the access. Usually this happens after accidentally setting wrong file permissions when neither the owner nor others can make any changes.

Fix file permissions

---

## Reset website

**Warning:** Resetting your website will remove all website data. Databases, files, redirects, cron jobs etc. Reset when you really want to start from scratch. This action cannot be undone!

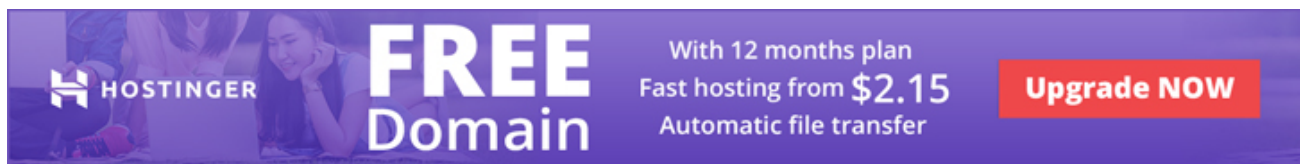

Reset

---

## Delete website

**Warning:** Completely remove this website. All databases and files will be removed from system. This will free up website name for new registrations. This action cannot be undone!

Delete

A promotional banner for Hostinger. On the left, there's a photo of a woman working on a laptop. To its right is the Hostinger logo (a stylized 'H' in a square) followed by the word 'HOSTINGER'. Further right, the text 'FREE Domain' is displayed in large, bold, white letters. To the right of this, smaller white text reads 'With 12 months plan', 'Fast hosting from \$2.15', and 'Automatic file transfer'. On the far right, there is a red rectangular button with the white text 'Upgrade NOW'.
